- Custom Size Foundations (\$300/sq ft, plus \$100 deposit<sup>6</sup>) Inquire
- Setting/Placement Fee for Veteran VA Bronze Flat Marker \$300

<sup>1</sup> Pricing may change without notice. Pricing in effect at the time payment is made in full will apply.

<sup>2</sup> Illinois law mandates that 15% of cemetery gravesite sales (i.e., \$225 for a \$1,500 gravesite price) be deposited in a state regulated trust called a "Care Fund". The principal remains in trust forever and only the annual income generated by the principal may be used to support cemetery operations.

<sup>3</sup> Contact Lakeside Cemetery Association for details and eligibility for burials in the Veteran Section.

<sup>4</sup> This is an approximate price. There is a \$175 administrative fee, plus a fee of 15% on the current value of the gravesite for deposit into a trust fund. A credit will be applied for any prior trust fund deposits made for the gravesite being transferred. Please see the Lakeside Policy on Transfer and Exchange for details.

<sup>5</sup> Foundations installed by Lakeside, or its designated contractor, are required for all memorials, markers and monuments placed within the cemetery.

<sup>6</sup> Foundation fee includes \$100 deposit that will be refunded to the monument company after notice of placement is received by Cemetery (via email with photo of monument) and the Cemetery has had the opportunity to inspect the monument placement.
