- Custom Size Foundations (\$300/sq ft, plus \$100 deposit⁶) Inquire
- Setting/Placement Fee for Veteran VA Bronze Flat Marker \$300

¹ Pricing may change without notice. Pricing in effect at the time payment is made in full will apply.

² Illinois law mandates that 15% of cemetery gravesite sales (i.e., \$270 of an \$1,800 gravesite price) must be deposited in a state regulated trust called a "Care Fund". The principal remains in that trust forever and only the annual income generated by the principal may be withdrawn for use to support cemetery operations.

³ Contact Lakeside Cemetery Association for details and eligibility for burials in the Veteran Section.

⁴ Please see the Lakeside Policy on Transfer and Exchange. All Transfer/Exchanges must be approved by the Association. Approved Transfer/Exchanges will have a \$175 administrative fee, plus a fee equal to 15% of the current grave value to be deposit into trust funds. A credit will be applied for any prior trust fund deposits made for the gravesite being transferred.

⁵ Foundations installed by Lakeside, or its designated contractor, are required for all memorials, markers and monuments placed within the cemetery.

⁶ Foundation fee includes \$100 deposit that will be refunded to the monument company after notice of placement is received by Cemetery (via email with photo of monument) and the Cemetery has had the opportunity to inspect the monument placement.
