<sup>1</sup> Pricing may change without notice. Pricing in effect at the time payment is made in full will apply.

<sup>2</sup> Illinois law mandates that 15% of cemetery gravesite sales (i.e., \$300 of a \$2,000 gravesite price) must be deposited by the cemetery into a state-regulated trust called a "Care Fund." That deposit remains in the Care Fund as principal forever and can't ever be withdrawn by the cemetery to support any cemetery operation.

<sup>3</sup> Please see the Lakeside Policy on Transfer and Exchange. All Transfers/Exchanges must be approved by the Association. Approved Transfer/Exchanges will have a \$175 administrative fee, plus a fee equal to 15% of the current grave value to be deposit into trust funds. A credit will be applied for any prior trust fund deposits made for the gravesite being transferred.

<sup>4</sup> Foundations installed by Lakeside, or its designated contractor, are required for all memorials, markers and monuments placed within the cemetery. Administrative fee of \$100 is assessed to ensure placement of monument is satisfactory. Monument companies MUST schedule delivery in advance.
